## ISEP'S COUNTRY HANDBOOKS

For LGBTQIA+ students, navigating a different culture can be a risk. For example, in Morocco, homosexuality is a criminal offense. Students should keep in mind that social attitudes and acceptance may vary by country based on a number of factors including region, age, and the local political climate. Visit ISEP's [Country Handbooks](#) to learn more about a country's views on sexual and gender diversity before you choose a program or depart for your program. Go to the [Health and Safety](#) section for more information about how to stay safe while abroad.
